

Mary Prybylski

Age: 17

Mary Prybylski has been involved with the Yorkton Alliance of Asset Champions and is currently the Co-Chair of this group. Mary has shown tremendous leadership skills through her work with the Alliance, at the Regional High School, where she is the SRC President and in the community, where she is involved in many volunteer activities. Mary has used the developmental assets framework in her own life to build assets in her peers in the community.

What are your passions?

I love to volunteer for things and try to take on various leadership roles throughout my life. I coach figure skating at a younger level in Theodore and Springside. Another passion I have is Ukrainian Dancing! This year I am dancing with the Wishart Hopak dancers and plan to attend Vegreville this summer and Ukraine in 2011.

Another huge passion of mine is that I am a farm girl at heart and am not afraid to get my hands dirty! My family is also a huge part of my life and always provides me with the support that I need to succeed in what I do. I am also an employee at Humpty's Family Restaurant which has also become a huge part of my life!

What got you involved in making the city of Yorkton a better place for young people?

With being involved in SRC and the Yorkton Alliance of Asset Champions, I have loved every minute of it. It allows me to become a part of the community and gives me a sense of enjoyment in taking part. With this being my last year in high school, I hope that all these experiences will help me with the future.
